Service Sire: "Quantum" Whitaker 2180 (Impact x

Due Date: 3/15/2019

We had a chance to make a couple outcross mating in our Dorset program by breeding to Enfield 6045, and this ewe lamb is a result of that. She is due in February to Quantum, our Whitaker ram whose pedigree is stacked (Game Face x Dead Miller). Quantum has proven himself as a sire of Champions including Res. Grand at this year's State Fair, 7 Grands or Reserves in 2016, and our 3rd Overall Market Lamb at 2015 State Fair (a speckle).

Hard to let this one go. She had a nice show career this summer, and is sired by Throttle. Throttle, who we co-owned with Heisdorffer Dorsets in Iowa, has had a huge impact on the breed - siring numerous champions, both wethers and ewes, from coast to coast. We lost him this fall, so this may be the last chance to get a direct daughter. She is bred to Quantum, whose record speaks for itself, and he is a speckle-making machine!

A stout made, big ended speckle face ewe lamb sired by Quantum. Her mother stems from one of our best Dorset ewes. She is a March-born and out of a ewe lamb, so we did not expose her. Registered Dorset Advantage.

I didn't have the intentions of selling any of the lambs out of the bred ewes I purchased from Tim Lamb. They all were going to be keepers until I started counting how many keepers I had. way too many. Not sure why I picked this one because they are all great. She is moderate, fuzzy and big ribbed. This is the only one I am selling this year.

Jan 2016

Sire: Keystone

Dam: 757 Donor (Stroker grandson)

Service Sire: MAB (Sire of Grand Ewe at VA State Fair 2016, Champion Carcass Lamb 2018)

This ewe was one of our 12 keeper ewe lambs from 2016 when we had a mature ewe dispersal, and we were pretty high on her as a breeding piece. She was a flushmate to 3 popular ewe lambs and 4 impressive wethers that averaged \$1500, that set grossed over 10K. Her siblings went on to win Grand at Shenandoah County Fair, Grand at Garrett County, MD and Res at Washington County, MD. She didn't settle for early January lambs (which is why we are selling her), but exposed to MAB buck for late Feb/Early March lambs. Stout made, easy fleshing powerful ewe with a great pedigree.
